Dear Parent/Carer,

The children and young people at Bloomsbury are seen as a central part of the church's family. They, in turn, enjoy taking part in activities within the church which are then published on the Bloomsbury website or in other media material.

We take our role of caring for the younger members of the church seriously. We would therefore ask you to fill in the details for the children/young people for whom you are responsible and delete as appropriate the consent statement. If you are not happy to do this your child's picture will not be used in any publicity material produced by Bloomsbury Central Baptist Church.

From time to time the cheapest and safest way of ensuring that a child/young person gets home safely is to arrange a number of cars for transport, driven by church members and friends. Please indicate your consent to this.
